

グローバルフェスタジャパン 2024

国際協力70年、ともに未来へ

Global Festa Japan is one of the largest international cooperation events in Japan, bringing together various public and private organizations involved in international cooperation activities, social contribution activities and the SDGs.

The year 2024 marks the 70th anniversary of the start of Japan's ODA in 1954.

The 33rd Global Festa Japan 2024 will be held in a hybrid format, combining both in-person and online delivery formats, as was the case last year.

This year, in addition to the indoor venue, an outdoor venue is also available. There will be booths by exhibiting organizations, stages with a variety of guests, hands-on events, food and beverage booths where you can enjoy food from many different countries, and much more!

We hope this Festa will deepen our understanding of other countries and increase the number of people who will participate in international cooperation together towards the future in order to create a better world.
